The District's PLE Performance has improved compared to last year's because it is in this year that we have had the highest number of candidates passing in Division I (696) compared to the last 17 years the district has been in existence. Important to note also is that the number of candidates who passed increased from 2,750 candidates who passed in 2020 to 2,987 candidates who passed in 2022. The number of candidates that failed has also reduced compared to last year's. While last year 69 candidates failed, 41 candidates failed this year, our percentage of failure reduced from last year's 2.4% to 1.4%.

However, the district registered a high number of absentee candidates i.e., candidates who registered to sit PLE but never sat. We had 44 candidates who missed sitting exams in 2020 for a number of reasons and at different sitting centres which number increased to 83 for 2022.

The district was ranked 39th in the whole country including Municipalities while we were 18th in the country compared to other districts.
